We are excited to see everyone in Farum!

MATHEMATICS SEMINAR IN FARUM

We are on the lookout for tutors as well as participants.

Encourage a friend to join you!

10TH TO 18TH OF FEBRUARY 2024

Farum, Denmark

The Seminar is designed for students at any academic stage, from high school to university, offering a delightful week in Farum immersed in the world of mathematics. It encompasses a wide range of mathematical fields and formats, enriched by other activities within a close-knit community.

The core of this camp consists of lectures and workshops led by our camp's tutors. We aim to offer a diverse set of topics, catering to the interests of all participants. Typically, we run multiple simultaneous lectures, each targeting a different background.

Our tutors come from various European universities, including EPFL, Sorbonne, Free University of Berlin, HSE in Moscow, and those in Geneve, Vienna, Copenhagen, Oslo, etc.
